BOAT WAKE EUROS

The team won an overall bronze medal, finishing 3rd of 13 countries with 455 points, just one point ahead of Switzerland and not far shy of the

silver bagged by the host country, France, with 495 points. Wakeboard UK would like to thank the IWWF, Malibu for the title event sponsorship & boat and Club Nautique de Toutainville for an epic site.

Thanks also to Pip Loder for her sports therapy support for the team, the athletes' sponsors, parents, siblings and partners who made up the 39-strong British crew. We proudly supported

the 20 British riders on the water, making it a memorable trip.

Next up Team GB travelled to China for the IWWF Worlds
